

MOHAMMED AMMAR F

DATA ANALYST | B.TECH ARTIFICIAL INTELLIGENCE & DATA SCIENCE

Chennai, Tamil Nadu, India • +91 9043091945 • ammar786543@gmail.com • linkedin.com/in/ammars56 • github.com/Ammar-05-code

PROFESSIONAL SUMMARY

Driven Data Analyst with hands-on experience in SQL, Python, and Power BI, turning complex data into actionable business insights. Skilled in data visualization, statistical modeling, predictive analytics, and dashboard development, with a track record of improving efficiency and supporting data-driven decision-making. Strong communicator adept at stakeholder collaboration, KPI tracking, and report automation.

TECHNICAL & ANALYTICAL COMPETENCIES

Core Technical: Python • SQL • PostgreSQL • PowerBI • Excel • Git and GitHub • Scikit-learn • TensorFlow
Data Lifecycle & Analytics: Data Extraction • Data Transformation • Data Loading • Data Cleaning • Data Manipulation • Data Visualization • Database Management • Historical Data Handling • Exploratory Data Analysis (EDA)
Professional & Methodologies: Critical Thinking • Problem Solving • Decision Making • Time Management • Team Collaboration • KPI Tracking • Report Automation

PROFESSIONAL EXPERIENCE

Data Analytics Trainee February 2025 – March 2025

MedTourEasy — Gurugram, Haryana

- Executed data preprocessing, cleansing, transformation, and EDA on COVID-19 datasets using Python.
- Designed and implemented interactive dashboards and data visualizations to communicate key analytical insights.
- Performed trend and comparative analysis of COVID-19 cases, testing metrics, demographics, and regional patterns to generate actionable insights.

Data Science Intern July 2025 – August 2025

Vebbox Software Solutions — Kumbakonam, Tamil Nadu

- Performed data preprocessing, cleaning, filtering, and manipulation on real-world datasets using Python.
- Developed a web-based application for dataset ingestion and automated data analysis using Python.
- Implemented and evaluated machine learning algorithms using Scikit-learn, assessing model performance through accuracy, precision, recall, and F1-score.

ENGINEERED ANALYTICAL PROJECTS

Autism Detection August 2025

A Machine Learning Project

- Developed a web application using HTML for user authentication and dataset uploading.
- Implemented and compared supervised learning algorithms including Linear Regression, Logistic Regression, Decision Tree, Random Forest, and SVM using scikit-learn and TensorFlow, integrating the models with the backend.
- Evaluated model performance using accuracy, precision, recall, and F1-score to identify the most effective model for autism detection, using a publicly available Kaggle dataset.

Customer Shopping Analysis July 2026

A Data Analytics Project

- Sourced a dataset and performed data cleaning and preprocessing using Python to ensure data quality and consistency.
- Utilized PostgreSQL for data manipulation, filtering, aggregation, and analysis to identify customer shopping trends and behavioral patterns.
- Developed an interactive Power BI dashboard to visualize key insights and support data-driven decision-making.

EDUCATION

B.Tech, Artificial Intelligence and Data Science 2023 – 2027

Mohamed Sathak AJ College Of Engineering — Chennai, Tamil Nadu

Score: CGPA: 7.9

Computer Science, Physics, Chemistry, Mathematics 2022 – 2023

Tansri Ubaidullah Matriculation Higher Secondary School (HSC) — Thanjavur, Tamil Nadu

Score: 84%

CERTIFICATIONS & HONORS

- Google Data Analytics — Coursera (February 27, 2025)
- Introduction to Artificial Intelligence — TCS ION (May 22, 2026)
- Introduction to Python — IBM (March 14, 2024)
- Spoken Tutorial Certifications — IIT Bombay Spoken Tutorial (70%+ Assessment Scores)
- Participated in IIT Madras Shaastra Techathon 2024.
- Secured multiple first prizes in essay writing competitions, demonstrating strong written communication.
- Earned multiple Spoken Tutorial certifications with 70%+ assessment scores.
